

THE BUCKINGHAM

Garfield Park at Twin Hills

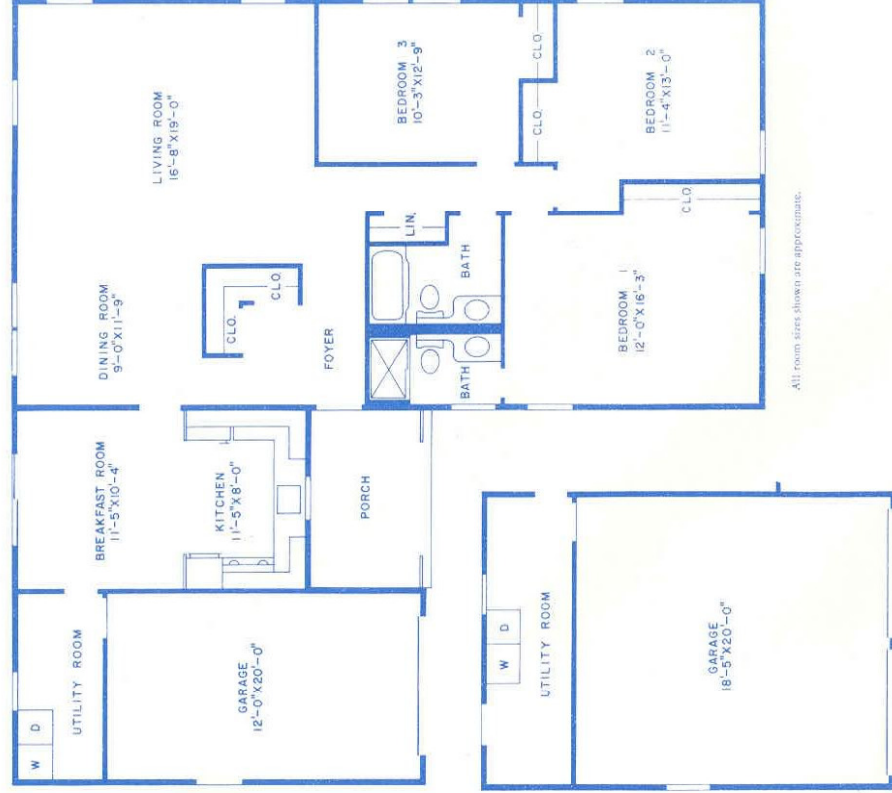

THE BUCKINGHAM This captivating rancher achieves its distinctive exterior charm through an unusual combination of quarried stone and shingles. Inside there's the added convenience of one-floor comfort ... no stairs!

From the sheltered porch at the front door, you enter a spacious foyer with large, wood paneled guest closet. Beyond is the exceptionally large living room plus an attractive dining area.

Off in the sleeping wing are three bedrooms and two complete baths. Each bath has ceramic tile floor and bath areas, and wall-wide illuminated mirror. There's an oversized stall shower in one bath, a built-in vanity in the other. Plenty of closets—and extra storage space, over the garage, is accessible with disappearing stairs. The colorful U-shaped kitchen is equipped with handsome wood cabinets and such luxury details as a stainless steel sink, stainless steel range hood, even a chopping block work area. Appliances include G.E. two-door refrigerator-freezer, wall oven, and countertop range, plus G.E. washer and dryer in the laundry.

Open to the kitchen is a breakfast room where sliding glass doors provide access to the back lawn — so it's easy to keep an eye on the children, indoors or outdoors. And for everyone's convenience, there's direct access to the house from the attached garage!

The Buckingham is pre-wired for television antenna outlets. Grounds are completely landscaped with many trees and shrubs. All this — and more! — is included in the price of the house. Fireplace available at additional cost.

All room sizes shown are approximate.

OPTIONAL 2-CAR GARAGE

The Buckingham is also available with a two-car garage.

PLANS AND LANDSCAPING SHOWN AND DESCRIBED ARE APPROXIMATE AND SUBJECT TO CHANGE.
